LETTER OF RECOMMENDATION

Academic Admission & Scholarship Evaluation

Date: August 31, 2026

To: The Admissions and Scholarship Committee, Universities of the Russian Federation

Dear Members of the Committee,

I am writing to support **Noureldin Mamdouh Khamis Ahmed Abuismail** in his application for undergraduate admission to pursue a Bachelor's degree in Business Administration within universities of the Russian Federation.

During his 6-month practical training as an Audit & Accounting Trainee at our auditing office, Noureldin demonstrated consistent technical diligence and strong analytical thinking. Under my supervision, he actively assisted our team with financial auditing tasks, balance sheet analysis, internal control evaluations, and corporate reporting preparation. He showed a quick grasp of organizational structures, financial workflows, and economic concepts, proving his aptitude for higher academic training in business administration.

Noureldin stands out for his disciplined work ethic, adaptability, and proactive approach to task management. In team settings, he communicated clearly and handled complex auditing schedules efficiently. His commitment to personal development and his interest in international academic standards demonstrate his readiness to succeed in a multicultural university environment.

I am confident that Noureldin's practical background, strong ethical standards, and academic drive will make him a valuable addition to your institution. I fully endorse his application for admission and scholarship consideration.

Please contact me if you require any additional information regarding his qualifications.

Sincerely,

Girgis Fawzy Obeid Basta

Chairman of the Board of Directors
